ISBN-13: 978-0809248490

Product Dimensions: 8.9 x 5.9 x 0.6 inches

Shipping Weight: 9.6 ounces

Average Customer Review: 4.7 out of 5 stars [See all reviews](#) (6 customer reviews)

Best Sellers Rank: #1,366,357 in Books (See Top 100 in Books) #93 in [Books > Humor & Entertainment > Humor > Science & Scientists](#) #2550 in [Books > Textbooks > Humanities > Literature > American Literature](#) #4735 in [Books > Literature & Fiction > History & Criticism > Regional & Cultural > United States](#)

## Customer Reviews

and Dr. Science has erased this line. This book is essential for anyone interested in science, in becoming a scientist, or in the Ancient Greeks. Dr. Science first summarizes all pre-1980 scientific knowledge in 86 pages. Do not become alarmed at the brevity of this historical section, because Dr. Science does not fail to show us how tragically wrong "Old Science" was. And how "Old Science" unlocked the greatest evil ever devised by mankind: electricity. Fortunately, Dr. Science then reveals to us the paradise that is "New Science". Even better, he shows us readers how we can imitate him and become "New Scientists" ourselves! Who needs eating, bathing, or socializing with other people anyway? The book concludes with a final exam (answers provided) so that we can determine whether we have become true "new scientists". Dr. Science is smarter than we are: he has a master's degree - in science. So avoid this book at your own risk. Don't say you weren't warned.

Gave 3 stars because it would probably be good for someone who likes this type of humor. It is mostly humor though. I was hoping for more fun and interesting things to mention in my classes. Interesting artifact of pre-internet humor.

I knew these guys in Iowa City in the 1970sâ€”always creative and absurd. On the one level, presenting information in a convincing style even if it didn't make sense, and on the other hand outright ridiculous, like saying, "Hi, I'm Dr. Science, I know more than you doâ€”I have a Master's Degreeâ€”in SCIENCE!"
