Tracer - A Thriller: A Zoo Crew Novel (Zoo Crew Series Book 3)

Synopsis

Two weeks ago, Lukas Webb was an Army sniper on the front lines in Afghanistan. Upon finding out his father has just days to live, he is granted a compassionate discharge and returns home to Hamilton, Montana to say goodbye and take over the family business. Just days into his tenure at the helm of the WB Ranch, he appears at the front door of an Agriculture Commission meeting carrying a rifle and fires two perfect shots before being taking three rounds himself. While Lukas sits in Hamilton Memorial Hospital in a medical-induced coma, a frenzy wages on outside. Local law enforcement and prosecutors parade in front of the cameras, blaming the actions on a maladjusted serviceman, using the incident to bolster their own standing. Veterans in the area bristle at the treatment, threatening to lash back at any time. Townspeople claim they no longer feel safe on the streets of Hamilton. With just days remaining before Lukas wakes and is hauled off to prison for the rest of his life, a call is made to budding attorney Drake Bell for assistance. Employing the help of his friends the Zoo Crew, he begins a maddening search for the real reason behind the shooting, something he suspects resonates much closer to home...

Customer Reviews

Another great read for the Zoo Crew. Spoiler alert. This one starts with Lucas Webb. Lucas just

returned from tours of duty in the Middle East. He's Spec Ops and a sniper. Lucas was granted a compassionate out of the military when his father was dying and he had to return home and take over the family ranch. He hurried home and his father gave him the facts about the ranch and what was going on. He died three days later. Neither Lucas or his father let sister Sarah know what was going on because they didn't want her involved. Sara has no idea what's been going on. Right now Lucas headed back to the Ag meeting he'd been attending. A meeting where he'd been shut down after trying to ask a question. Shut down by Hoyt Tierney, a big rancher, who jointly ran the meetings with Lucy Pritchett another rancher. Lucas has his father's 30.06 and some tracer rounds. Once there he opens fire at the meeting. He didn't hit anyone, mainly because he wasn't intending to hit anyone. If he had intended to hit someone, that someone would have been killed right then and there. A sniper he is. He just blew the eyes out of the photo of Tierney on the wall with tracer rounds. Those rounds turned everything bright and red. Lucas was then shot three times by Hank McIlivane a man hired by Tierney to take care of security for his ranch and what he does on that ranch. Lucas was hit three times once in the lungs. Once at the hospital and out of surgery he's put in a coma so his body can heal. In ten days he'll be awakened so Sheriff Pratt can arrest him. Pratt visits Sarah in Lucas's room. A place she's been since the whole thing happened. Pratt questions Sara. A Sarah who has no clue as to why Lucas did what he did something that she will find out much later.
