## Customer Reviews

This wise and inspiring book makes lasting love a reality, opening doors to healing and allowing us to finally step into our rightful partnership. This book is so beautifully written and filled with such insight, that I can only believe that Barbara was divinely guided while writing this. Diane Geddes

Nothing I have ever read has inspired me as much as this book. Barbara Gulbranson's techniques after each chapter are easy to follow and will bring lasting peace and joy to everyone. I guarantee you will feel unconditional love as never before.

This book should be required reading! Why? Because it will make you not only aware of "how to attract your soul mate" it will make you think twice before you think in general! Barbara simply summarizes the "Law of Attraction" with the Science of Mind technique . . . in about half a page! Barbara writes beautifully and in an easy-to-read format. She writes from the heart to the people. The book is only 98 pages in length so it is relatively short to read! Brilliant book 5 out of 5! Sandy Andrew The Universal Learning Series Radio Show Your Never-Ending Life (Universal Learning Series)

I felt that the language was too complex. The language could have been a lot more simple and concise.

Why is the price of this book the same as the average paperback, yet it is only 98 pages? Books of the size are generally in the \$5 to \$7 price range. Anyway... I bought the book anyway. It's pretty simplistic. I would recommend the book *The Science of Mind* by Ernest Holmes or *Thoughts Are Things*, by the same author. You can get either of those for less than a dollar used and they are classic. This book on soulmates is really a fluffy substitute with not much depth.
