SCRABBLE Missing Links

Synopsis

SCRABBLE fans will appreciate this new way to play their favorite game, especially when there's nobody else around to compete against. Each Missing Link puzzle shows a SCRABBLE game in progress from the player's point of view, and asks the solver to use all the letters in the rack to link small words together to make longer ones, finding the unique solution.

Book Information

Paperback: 128 pages

Publisher: Puzzlewright; Csm edition (June 7, 2011)

Language: English

ISBN-10: 1402777213

ISBN-13: 978-1402777219

Product Dimensions: 8.2 x 5.5 x 0.4 inches

Shipping Weight: 6.4 ounces

Average Customer Review: 5.0 out of 5 stars [See all reviews](#) (1 customer review)

Customer Reviews

These puzzles begin with an 8x8 board that looks pretty filled in already. Your seemingly impossible task is to add the 15 tiles shown so as to form common words. By "common" the author seems to mean fairly well known words that you are likely to find in any serious dictionary, rather than just everyday words. In some cases, the solution cannot be achieved by a sequence of legal plays, but I doubt that that will bother you very much. Of particular note is the final page of the book, a list of the 2- and 3-letter words the author admits into his solutions. My list might well have been a bit longer (didn't we celebrate PI day last week? -- PI is not on his list, even though it is the world's most famous ratio). Nonetheless, his list is eminently sensible. By contrast, the equivalent list from the Official Scrabble Players Dictionary would be about 50% longer, with the extra material mostly unsuited to word games for people. A list such as is found in this book would be an excellent starting point for playing Scrabble according to the popular, classic rules.
