# Tales In The Sky (Polly Anna Series Book 1)

## Synopsis

A slightly irreverent look at the first year of flight attendant Olivia Hamilton, with a twist when she meets Felix Baxter. A humorous and realistic look at being on reserve, the challenges of passengers, and the relationships among crew members.

## Customer Reviews

When I began reading Tales in the Sky, I found it so entertaining and enjoyable to read that I could NOT put the book down. From the first chapter in the book, I had to see what would happen! Since I love books about flying and stories about flight attendants etc, this book is just incredible. Liked it so much, I plan on reading the other two books in this series! Highly recommend this book! This book was a gift to me in exchange for my honest and unbiased review. Happy to report that I love this book!

I loved reading this book. The story is a nice escape from the everyday and the tales of reserve life were completely accurate. I would recommend this book to anyone who loves to learn about life in sky. If you are dreaming of becoming a flight attendant, take a break from all those guides and read for fun, too.

Great easy reading that brings back so many memories for me as a former flight attendant. I'll never forget deadheading to ORD to work a trip. Sitting in first class a gentleman sat next to me that became blind on a family vacation in the Bahama's. First class became full and the other f/a's were asked to move to coach. He asked the agent to keep me there so I could help him. By the end of the flight the flight attendant working that leg asked if he wanted a wheel chair to get to baggage claim. He told her no and then asked me to help him find a cab. I had enough time between the time we arrived at O'Hare and my flight to escort him to baggage claim and outside to catch a cab to take him home. He wanted to pay me for my efforts but I couldn't accept. He was such a kind person. You never forget these moments. Thanks for sharing your memories!

Very interesting and inspiring story. I was blessed by reading this book. I cried, I laughed and could not wait to sit down and read. I would recommend it, it will take you into a very intriguing adventure and teach you about our lives in the sky ^

Hilariously funny. I loved this book! Had to read the second one right away and am currently waiting for the third. :)

This really gave me great insight as to what my life will be like in the friendly skies. Awesome read.
