The Civil War: A Narrative, Volume II, Fredericksburg To Meridian

Synopsis

"This, then, is narrative historyâ "a kind of history that goes back to an older literary tradition.... The writing is superb...one of the historical and literary achievements of our time." â "The Washington Post Book World "Gettysburg...is described with such meticulous attention to action, terrain, time, and the characters of the various commanders that I understand, at last, what happened in that battle.... Mr. Foote has an acute sense of the relative importance of events and a novelist's skill in directing the reader's attention to the men and the episodes that will influence the course of the whole war, without omitting items which are of momentary interest. His organization of facts could hardly be better." â "Atlantic"Though the events of this middle year of the Civil War have been recounted hundreds of times, they have rarely been re-created with such vigor and such picturesque detail." â "The New York Times Book Review"The lucidity of the battle narratives, the vigor of the prose, the strong feeling for the men from generals to privates who did the fighting, are all controlled by constant sense of how it happened and what it was all about. Foote has the novelist's feeling for character and situation, without losing the historian's scrupulous regard for recorded fact. The Civil War is likely to stand unequalled." â "Walter Mills --This text refers to an alternate Audible Audio Edition edition.

Audible Audio Edition

Listening Length: 47 hours and 10 minutes

Program Type: Audiobook

Version: Unabridged

Publisher: Blackstone Audio, Inc.

Audible.com Release Date: October 6, 2004

Language: English

ASIN: B0006IU42A

Customer Reviews

"The Civil War: A Narrative: Volume 2, From Fredericksburg to Meridian" is Foote's second book in his magnum opus and considered by some sources to be the best. I began with Volume II because of my interest in 1863, Stones River, Gettysburg and Chickamauga, and all those subjects received a very detailed treatment. I remember perusing the book in the early 1980s and wanted to read it, but was intimidated by its size. After all, it was only one of three 2.5" thick books in the series. After watching (and re-watching) Foote's interviews in Ken Burns' "The Civil War", I became so fond of

the man that I bought the whole set, both in print and in audio. The books have a permanent spot in my nearest bookshelf and the audio is in a permanent playlist on my iPhone. Volume II begins with Jefferson Davis' 1863 trip around the Confederacy to rally his constituents, and takes us through the battles of Fredericksburg, Stones River, Chancellorsville, Gettysburg, Vicksburg, Chickamauga, and Chattanooga. We lose Stonewall Jackson, see the rise of Nathan Bedford Forrest and Ulysses Grant, and witness the fall of Rosecrans and Bragg. It does not just focus on the well-known activities of the Army of the Potomac vs. the Army of N.VA, but interposes scenes from all theaters of the war as well, as the other branch of service (Navy). It's not just a military history, as we learn of such items as the infighting in both White Houses, international ramifications of the War, and the dysfunctional inflationary economies and riots in Southern cities like Richmond and Northern cities like New York. Foote is a master storyteller and his riveting and personal accounts may make the reader forget they are reading non-fiction history.
