## Customer Reviews

I'm new to craps and have only played it a little bit. This book helped me understand the game more and learn how, and why, some bets are better than others. Good for beginners. It's a fun game to learn and play. No going to get rich by any means. Just going to have fun! I will be trying it out soon in Vegas.

Very useful information, some may need to read a few t ones, but it is a short book. I'm just back just back from Vegas and used some of these strategies and came home with more money than I brought there.

This book is an excellent example of casino reality. Each area addressed is from the inside perspective. If this book does not get you comfortable about craps, nothing will
