The Hidden Mickeys Of Disneyland

Synopsis

Walt Disney was fond of saying, "I only hope that we never lose sight of one thing: that it was all started by a mouse." And so it is only appropriate that the mouse is incorporated into nearly every aspect of the Disney parks and resorts. In some cases, Mickey's presence is obvious-as in the Partners statue that stands in the center of the hub at the end of Main Street, U.S.A. But in other cases, Mickey's influence is a bit more hidden. . . .So what exactly is a Hidden Mickey? Quite simply, it's an artistic representation of Mickey that was intentionally placed amid the architecture and design of the parks and resorts. Oftentimes it's the familiar three-circle shape of his ears and head. Other times it might be a profile of his face or a full-body silhouette. Disneyland Guests with keen eyes can tell you that Mickey pops up all over the resort, often in the most unexpected places. With this resort wide scavenger hunt, you'll be guided toward each Hidden Mickey, first with a general hint-if you're up for a challenge-and then with a very specific clue. It's so much search-and-find fun, you might forget about your FastPass reservation for Big Thunder Mountain Railroad!

Book Information

Series: Hidden Mickeys

Paperback: 128 pages

Publisher: Disney Editions (May 12, 2015)

Language: English

ISBN-10: 1484712765

ISBN-13: 978-1484712764

Customer Reviews

This is THE Hidden Mickey book to have. It has pictures of the Mickeys and as far as I know it is the only one that does. I had another Hidden Mickey book that described them and told you where to find them, but it had no pictures so I had trouble finding the Mickeys! But with this little book in hand we have a blast searching AND FINDING all of the little gems hidden throughout Disneyland and

California Adventure.

This is a fascinating book about an aspect of the Disney theme parks I had no idea existed. Once you have read this little guide I think you'll discover it will make your next visit to Disneyland much, much more interesting. You can make a game out of locating as many "Mickey's" as possible and reward a special prize to the family member who has the highest number. Even if you don't make it a competition this will make you far more observant and you'll enjoy your park experience even more. Read and enjoy this cool book that will open your eyes in a new manner....

We bought this book for my kids to look through on the plane trip to Disneyland this fall. When it arrived in the mail I let them look through it and they were enthralled for hours, going through it looking at all the hidden Mickey's. They were getting excited for when we will be going and keep saying how they want to look for the Hidden Mickey's in person. The book is an easy read, pages are nice and thick and glossy, and the photos are high quality. Overall, I am very satisfied with my purchase!

Good book with nice pics, but it takes ALL of the fun out of looking for the Hidden Mickey's. I also have the Yellow Hidden Mickey book that makes it sort of a game with hints on where to look. This is our back up book if we cannot find a Mickey.

I took this book with us on our trip to Disneyland / California Adventure. My husband and I hadn't been in 10 years so there were a lot of changes. This book was great to pull out while we were waiting in line. It kept us busy which made the trip even more enjoyable.

What a great book to have if you are travelling to Disneyland or Disneyworld. You can get a map in Tomorrowland and search for the Mickey's. When you complete it, you turn it into a store and get a prize. How much fun for the kids. We've been home for 3 weeks now and my boys are still finding "hidden Mickey's" everywhere we go.

Gave this to my Step mother for Mother's Day. She's a Disney fanatic. They are currently in Disneyland and loving the book. They are using it to keep them occupied while waiting in lines. Playing games of who can spot the Hidden Mickey's. Great fun!

Good info and easy to read. Looking forward to using it at Disneyland this fall.
