This is not like those puzzle books you buy in the supermarket. This book, like others in the series, is bound with a double spiral so that you can use it and carry it while open to the puzzle you are working on. It contains 300 puzzles. The print is large, and the puzzles average 22 words, so you can finish them quickly. If you're not finished with a puzzle, it can remain open to your page while you carry it in a purse (too big for most pockets). The paper is heavier than most, so it's not so easy to tear. too. It does cost a little more than the magazine style, but I think it's worth the difference. I really like it and I'm pretty sure you will, too.

I was very disappointed as I ordered 4 puzzle books by Parragon to receive one of the books free. This puzzle book and two others were in little puzzle format with very few words to figure out. I returned the three books that were in this format. Those are Series #7, Ultimate Crossword and Mega Crossword. I liked The Crossword Collection and Quick Crossword Collection.

I ordered this for my mom since she is a crazy word search addict. I received it on time and in great condition as expected. I wish it was still a little bigger since my mom has a hard time seeing, but she still loves it! Thank you!

I purchased this book for my mother. The print size is perfect, not too little or too big. The spiral binding and the size make it very easy for her to handle.

I want a book to keep my mind working and this was one of them! Thank you for having it when I needed it.

I buy these for my grandmother-in-law who is 96 years old. When she's done she always asks me to get her the same book. Everytime! Lol. So, apparently this is a great wordsearch book.

Can't beat the Word Search for being an entertaining distraction! My mother loves these books and I make sure that I have a few on hand at all times!

It's a good wordsearch. But there are too many searches that are "roads in this state, roads in this country".. Etc,
