# 10 Flop Decisions From Insta Poker Coach

## Synopsis

In this ebook, Jonathan Little (2 time WPT Champion with over \$6,200,000 in live tournament earnings) analyzes 10 common flop scenarios you must master if you want to succeed at No-Limit Hold'em. Taken from the Insta Poker Coach training app, these 10 hands illustrate common situations you will often encounter on the flop. If you master these situations, you will be well on your way to becoming a great No-Limit Hold'em player. Also included with this ebook is Jonathan's Tournament Poker Cheat Sheet.

## Customer Reviews

Great quick read to brush up on the type of hands that come up frequently when playing poker tournaments and the optimal ways to handle them. This one, like all of Jonathon's books are easy to read and understand for all players - even if you are extremely new to poker - but contain valuable information and insight to how one of the top tournament players around handles situations that you will find yourself in every time you play, no matter what stakes you are playing at.

I like this book but I really like the how smart you are link at the beginning of the book. That really showed how terrible I am at poker. Wish it had a little more detail against different players rather than the minimum

Quick easy read. I consider myself an intermediate player. I would recommend this to a beginner/intermediate player but not to a complete novice. I have read books by Negranu, Brunson, and Harrington. His strategy differs somewhat but I did learn a few things, specifically how to get just a little more value out of specific hands based on which type of player you're facing and the preflop action. I think all the hands were heads up vs one opponent once you got to the flop and most involve 3x pre flop raises. I didn't pay for this because I used kindle unlimited. I would probably not pay more than \$3 for this book.

This is an interesting book... Booklet actually... Very small in size, tiny price (a bit more than ONE DOLLAR!) it kind of feels like material that couldn't fit in any other JL project, so it is released here... Still some good thoughts about flop decisions. Of course this isn't an actual, normal sized "book", but for the price it's being sold and the content, it is an easy 5 star...

This very brief quiz is basically an ad for his online poker coaching but it does have some value. Might be worth the price.

Little's thoughtful analysis in these ten hands highlighted some negative tendencies I had developed in an effort to play small ball and lower variance. A very short but good read.

Good basic knowledge, worth reviewing from time to time as your experience and ability to read people grows
